

We are Champions for Michigan's Small Manufacturers

The Manufacturing Growth Alliance (MGA) **champions, serves and advocates for Michigan's small manufacturers**, with the goal of making Michigan manufacturing the most competitive and prosperous in the nation.

MGA **serves all sectors** of manufacturing and **services center around the needs of second-stage manufacturing companies** - entrepreneurial growth-oriented firms that are beyond startup and are working their way to maturity.

Small manufacturers need a wide variety of support to accelerate their growth. The evolution of the manufacturing industry is at lightning speed. Manufacturers **need trusted partners** that have **relevant services and tools** to lead them into the next industry shift. MGA forms alliances with private sector firms who are experts in their field.

Manufacturer Membership Twelve-Months | \$550

Benefits of a Manufacturer Member include:

- CEO and leadership retreats to support your company's growth
- Expert human resource and legal hotlines when you need information
- Industry insight on relevant trends impacting manufacturing
- Routine peer-to-peer knowledge sharing
- Business assessments, such as an energy audit and cyber security assessment
- A listening ear, have your voice heard in Lansing related to issues facing your manufacturing business

Why Join MGA?

MGA is laser focused on supporting the growth of small manufacturers in Michigan. We serve all sectors of manufacturing, including but not limited to food, plastics, automotive, beverage, electronics, and many more. MGA is committed to listening and building the right level of services to help small manufacturers with internal operations and growth strategies. MGA is ready to serve!

MGA Serves Small Manufacturers

Let us help you Build Smart and Lead Strong.
